Hi Ms. Marquez,

We found several APD's issued to Devon in the Northeast Blanco Unit that appear to have an active status in the NMOCD database (see below). When I reviewed the corresponding well files available through NMOCD, it appears that these permits have actually expired. Can you confirm the status of these APD's or direct me to the most appropriate person there at BLM for help? Any information or guidance that you can provide is greatly appreciated.

Thank you,

Chris
