13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Huntington Energy, L.L.C. plans to deepen 1000' in the Dakota formation of the above referenced well. The work will begin as soon as equipment can be made available and we have partner approval. If partner approval is denied, we will then evaluate the Picture Cliffs and plan to do a shallow recompleat. Therefore, Huntington Energy, L.L.C. respectfully requests a 60 day extension which will expire May 15, 2006.
