13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

The subject well was P&A'd on 5/5/2014. Reclamation was completed to the private surface owner's specifications and the location is now ready for final closure approval. Burlington Resources requests a final field inspection of the reclamation at this time. If the final reclamation meets BLM requirements, please remove this well from the Burlington Resources Oil & Gas Company LP bond.

The Final Reclamation Detail and Approval signed by private surface owner is attached.
