13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once Testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

**Hilcorp is requesting amendment to COAs for Allison Unit 145H reentry. Amendment to COAs in reference to low profile tank as prescribed in BLM COA of said reentry. At this time the Allison Unit 145 location has one 20' tall 500 bbl standard tank. Hilcorp is requesting that use of a standard 20' tall 500 BBL tank remain on location after horizontal reentry of well.**
