Coleman Oil & Gas, Inc. requested permission on 07-13-05 and received approval on 08-25-05 to change the meter point of custody transfer on the surface commingles for natural gas. We have changed the point of custody from Juniper CPD #1 El Paso CPD Meter #98-708-01 to Juniper CPD #2 El Paso Meter #85-645-01 effective March 1, 2006. The reason for the change was to make use of compression that is not at capacity and reduce the load on the compressor that is maxed out on volume.
