Re: 2018 Bradenhead Test  
Well: Huerfano #179E, UL K Sec 14 Twn 26N Rge 10W, API # 30-045-26672

Dear Ms. Curtis:

The 2018 Bradenhead test on the above well indicates a failure. In order to comply with Rule 19.15.16.11, prevent waste and protect fresh water, you are hereby directed to submit a plan of action before **November 29, 2018** and to initiate remedial activity before **January 29, 2019**. Initial Surface Casing psi was 35. Initial Production Casing psi was 199. Five-minute shut-in pressure on Surface Casing was 4.

Gas analysis has been received. Gas appears to be similar on surface casing and production casing.

**Reference: RBDMS MPK1830240437 on future correspondence for this issue.**

**Notify the Aztec OCD 24 hours before work is initiated.**

If you have any questions, please call me at 505-334-6178, ext. 123.

Sincerely yours,

Monica Kuehling  
Deputy Oil and Gas Inspector  
District III - Aztec
