Re: Inc# nVF1820751135

Dear Mrs. Fields:

LOGOS Operating, LLC (LOGOS) is requesting an extension of time to remediate the Heros 2307 09L Com 002H release as per the conditions of approval. This request is due to the extent of the release and the unforeseen remediation activity that is required. LOGOS will apply the amendment stated in the remediation plan and conduct performance sampling by December 5, 2018. Once desirable results have been received, LOGOS can then immediately schedule confirmation sampling and have the closure report submitted by December 31, 2018. LOGOS will provide 48 hour business notification prior to confirmation sampling.

Sincerely,

Larissa Farrell
Environmental/Regulatory Technician
