13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Advanced Wireless Communications, LLC is re-applying for a Temporary Abandoned status for the Dewey 2 gas well in San Juan County for the following reasons:

- 1) This Federal lease continues to be held by production from several other commercially producing wells on the lease.
- 2) Access onto and across this lease is difficult to obtain and the abandonment and loss of any existing infrastructure and access may be difficult to re-acquire.
- 3) As the horizontal Basin Mancos play continues to evolve and move towards the Dewey 2 site, the prospects for renewed activity in the existing wellbore, on the existing well pad and/or within the existing infrastructure are very likely in the near future.
- 4) As a new operator of this well, Advanced Wireless Communications intends to explore potential of this well, well site, and all other potential growth and renewal and request that more time is needed to adequately complete due diligence prior to returning this site to production or pursuing other, less productive options.

Notify NMOCD 24 hrs  
prior to beginning  
operations

UNITED STATES DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT  
FARMINGTON DISTRICT OFFICE  
6251 COLLEGE BLVD.  
FARMINGTON, NEW MEXICO 87402

Attachment to notice of Intent to  
Temporary Abandonment / Mechanical Integrity Test  
Well: **Dewey #2**

CONDITIONS OF APPROVAL:

1. The following are conditional requirements to your request to extend the TA status:

The last Mechanical Integrity Test on the subject well was conducted April 4, 2014. Per BLM directives, a well cannot be TA beyond a Five (5) year period of time without conducting and passing a Mechanical Integrity Test (MIT). Since this well's last MIT is beyond the 5 year limit, a new MIT must be conducted within 30 days of the date of this notice. Minimum acceptable test standards will be a charted 500# pressure test with no more than 10 percent pressure drop within a 30 minute test period.

2. Farmington Office is to be notified at least 24 hours prior to conducting MIT operations @ (505) 564-7750.

Submit an electronic copy of the MIT Chart to the following addresses: [jlovato@blm.gov](mailto:jlovato@blm.gov) and [Brandon.Powell@state.nm.us](mailto:Brandon.Powell@state.nm.us).

3. If the MIT fails, provide your remedial plans within 30 days of conducting MIT operations.

Office Hours: 7:45 a.m. to 4:30 p.m.
