Good afternoon Brandon,  
My apologies for the late response.

Enduring was in the process of cleaning the well out with N2 but ran into some issues and workover operations will commence soon. We are in the process of getting internal approval to continue well work and turn back to production. Flaring will not be necessary at this time and would like to withdraw the C129. Please let me know if you have any further questions.

Thank you,  
Lacey Granillo

Good afternoon Lacey,

Can you please provide me more detail on the clean out issue and fishing operations on this well referenced in the C-129.

Thank You
