13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, A Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

This well is plugged and abandoned, with BLM accepting notice for record on August 9, 2004. The pump jack and related equipment have been removed; however, this location served as the tank battery for both the John S. Dashko #1 and #4. The #4 is still producing into this battery. Final reclamation of this site will have to await the abandonment of the John S. Dashko #4.

14. I hereby certify that the foregoing is true and correct
