13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

The original APD was submitted 05/25/05 and approval was granted 5/31/05. (Extension requested 4/24/06)

BP requests permission to change the BOP due to drilling surface hole (unless pre-set) and intermediate holes only with a Coil Tubing Unit.

**BOP Equipment:**

The CTD Unit has a slightly different BOP configuration from our conventional drilling rigs. Instead of the 11" x 3,000 psi blind ram & annular configuration; the CTD is equipped with an 11" x 5,000 psi blind/shear ram & annular stack. Because we are drilling into the underpressured Coal & PC, we would like to limit the test pressures to 250 psi / 750 psi. Please see the attached schematic from Knight Oil Tool Rentals.

Should you have any questions please call Harald Jordan @ 326-9202

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
