13 Describe Proposed or Completed Operation. Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomplate in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

In accordance with the order of cessation of all well operations in compliance with Dine CARE v. Bernhardt, Civ 15-209 JB/SCY (D.N.M.), No. 15-2130 (10th Cir.) Enduring Resources IV, LLC has ceased all on-lease operations associated with the referenced well as of July 2nd, 2019. The referenced well was scheduled for completion activity to begin on June 11th, 2019 and has been postponed until BLM completes the additional NEPA analysis and issues a new APD.
