Pure Resources, L.P. has a safety situation with the subject well that needs to be addressed.

The bumper spring from the plunger lift has come loose and lodged across the master valve and now there is no way to shut the well in.

Pure proposes to bring a kill truck, water truck and mechanics truck on the well's location kill the well and replace the master valve.

The work will be done during day light hours and should take no longer than two (2) days.

This work is scheduled for May 9, 2006.
