Form 3160- 5 (September 2001)

UNITED STATES DEPARTMENT OF THE INTERIOR

FORM APPROVED OMB No. 1004-0135

	BUREAU OF LANI	D MANAGEMENT		Expires: January 31,2004
SUNDRY NOTICES AND REPORTS ON WELLS			5. Lease Serial No. NMSF078463A	
501	ORI NOTICES AND	REI ORIS ON W		llottee, or Tribe Name
SUDMIT IN TO	IPLICATE - Other Ins	structions on source	7. If Unit or C	A. Agreement Designation
Type of Well	IFLICATE - Omer Ins	iructions on reverse	Sine	
Oil Well Gas Well	Other		8. Well Name	and No.
Name of Operator				CE FEDERAL 33 #16
PATINA OIL AND GA	AS CORPORATION	3b. Phone No. (incl	9. API Well I	30-045-33571
5802 US HIGHWAY 64, FARMINGTON, NM 87401 505-632-8056			32-8056 10. Field and	Pool, or Exploratory Area
Location of Well (Footage, Sec., T.			Basin DI	K / Basin FC / Blanco MV
1200' FSL & 660' FEL, UL ' SEC. 33, T31N, R13W	··· P ··		•	Juan County, NM
12. CHECK APPRO	PRIATE BOX(S) TO INI	DICATE NATURE OF	NOTICE, REPORT, OR OTH	
TYPE OF SUBMISSION		T	YPE OF ACTION	
Notice of Intent	Acidize	Deepen	Production (Start/ Resume)	Water Shut-off
	Altering Casing	Fracture Treat	Reclamation	Well Integrity
Subsequent Report	Casing Repair	New Construction	Recomplete	Other
	Change Plans	Plug and abandon	Temporarily Abandon	Spud Notice
Final Abandonment Notice	Convert to Injection	Plug back	Water Disposal	
If the proposal is to deepen direction Attach the Bond under which the value following completion of the involved	onally or recomplete horizontally, work will performed or provide the ed operations. If the operation res Abandonment Notice shall be file	give subsurface locations and e Bond No. on file with the B sults in a multiple completion	starting date of any proposed work and d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	ertinent markers and sands. shall be filed within 30 days n 3160-4 shall be filed once
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A	onally or recomplete horizontally, work will performed or provide the ed operations. If the operation res Abandonment Notice shall be file	give subsurface locations and e Bond No. on file with the B sults in a multiple completion	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For	ertinent markers and sands. shall be filed within 30 days n 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	artinent markers and sands. shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the v following completion of the involv testing has been completed. Final A determined that the site is ready fo	onally or recomplete horizontally, work will performed or provide the red operations. If the operation res Abandonment Notice shall be filed or final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements,	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the very following completion of the involvesting has been completed. Final addressment that the site is ready for the strength of the stren	onally or recomplete horizontally, work will performed or provide the red operations. If the operation rest Abandonment Notice shall be filed in final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	artinent markers and sands. shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the violet following completion of the involvesting has been completed. Final idetermined that the site is ready for a second of the second of the site is ready for a second of the second	onally or recomplete horizontally, work will performed or provide the doperations. If the operation restable and operation restable or final inspection.) dded well @ 02:00 is true and correct.	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	artinent markers and sands. shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the variable following completion of the involve testing has been completed. Final Adetermined that the site is ready for the site i	onally or recomplete horizontally, work will performed or provide the red operations. If the operation rest Abandonment Notice shall be filed in final inspection.)	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	artinent markers and sands. shall be filed within 30 days in 3160-4 shall be filed once leted, and the operator has
If the proposal is to deepen directic Attach the Bond under which the vector following completion of the involvesting has been completed. Final addetermined that the site is ready for the strength of the st	onally or recomplete horizontally, work will performed or provide the doperations. If the operation restable and operation restable or final inspection.) dded well @ 02:00 is true and correct.	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006 MAY 2006	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp	Analyst Ana
If the proposal is to deepen directic Attach the Bond under which the vector following completion of the involvesting has been completed. Final addressment that the site is ready for the street of the site is ready for the street of the site is ready for the street of the site is ready for the site is ready	is true and correct. A MARTINEZ Mature Martinez	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006 MAY 2006 Title	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp REGULATOR	Analyst Analys
If the proposal is to deepen directic Attach the Bond under which the violeting the following completion of the involvesting has been completed. Final Adetermined that the site is ready for the site	is true and correct. A MARTINEZ Mature Martinez	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements. MAY 2006 MAY 2006 Title Date	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp REGULATOR	Analyst Analys
If the proposal is to deepen directic Attach the Bond under which the variation following completion of the involve testing has been completed. Final addetermined that the site is ready for the site	onally or recomplete horizontally, work will performed or provide the ed operations. If the operation rest Abandonment Notice shall be filed in final inspection.) Idded well @ 02:00 is true and correct. A MARTINEZ THIS SPACE wheel. Approval of this notice does	give subsurface locations and e Bond No. on file with the B sults in a multiple completion d only after all requirements, MAY 2006 Title Date FOR FEDERAL OR S Title not warrant or	d measured and true vertical depths or p LM/ BIA. Required subsequent reports or recompletion in a new interval, a For including reclamantion, have been comp REGULATOR	Y ANALYST
