13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depth for all markers and zones pertinent to this work.)\*

DJ Simmons, Inc. has reviewed the Simmons 2R Non Standard Location APD dated 3/24/05. Upon this review DJ Simmons has decided to move the Simmons 2R well location to the above footages and eliminate the west 50' construction buffer. (See revised C-102 and survey plat). The new standard location and associated access road and pipeline tie will not require additional EA or Cultural report since the West construction buffer will be incorporated into well pad.

14. I hereby certify that the foregoing is true and correct
