District I
1625 N. French Dr., Hobbs, NM 88240
District II
1301 W. Grand Avenue, Artesia, NM 88210
District III
1000 Rio Brazos Road, Aztec, NM 87410

3 S. St. Francis Dr., Santa Fe, NM 87505

State of New Mexico **Energy Minerals and Natural Resources**

Oil Conservation Division

For drilling and production facilities, submit to appropriate NMOCD District Office.
For downstream facilities, submit to Santa Fe

Form C-144

March 12, 2004

A89101177

1220 South St. Francis Dr. office Santa Fe, NM 87505

	Tank Registration or Closur	re /c \								
Is pit or below-grade tank covered by a "general plan"? Yes No Type of action: Registration of a pit or below-grade tank Closure of a pit or below-grade tank DR ANGERICA DROOF CO										
Operator: BP AMERICA PROD. CO.		C P	JAM 2008 JECEIVED CONS. DIV.							
Operator: BP AMERICA PROD. CO. Telephone: (505) 326-9200 Address: 200 Energy Court, Farmington, NM 87410										
Facility or well name: HUGHES B #3 API #: 30-045-08090 UL or Qtr Qtr B Sec 20 T 29N CR SW										
County: San Juan Latitude 36.71542 Longitude 107.696 NAD: 1927 1983 Surface Owner Federal State Private Indian										
<u>Pit</u>	Below-grade tank									
Type: Drilling Production Disposal DEHYDRATOR	Volume:bbl Type of fluid:									
Workover Emergency	Construction neverial Double-walled with eak detection? Tes I If not, explain why not.									
Lined ☐ Unlined ☑										
	Less than 50 feet	(20 points)								
Depth to ground water (vertical distance from bottom of pit to seasonal high	50 feet or more, but less than 100 feet	(10 points)	0							
water elevation of ground water.)	100 feet or more	(0 points)	U							
/-III	Yes	(20 points)								
/ellhead protection area: (Less than 200 feet from a private domestic water source, or less than 1000 feet from all other water sources.)	No	(0 points)	0							
	Less than 200 feet	(20 points)								
Distance to surface water: (horizontal distance to all wetlands, playas,	200 feet or more, but less than 1000 feet	0								
irrigation canals, ditches, and perennial and ephemeral watercourses.)	1000 feet or more	(0 points)								
	Ranking Score (Total Points)		0							
If this is a pit closure: (1) attach a diagram of the facility showing the pit's relat		•								
onsite offsite foffsite, name of facility	(3) Attach a general description of remedial act	ion taken including rem	ediation start date and							
end date. (4) Groundwater encountered: No 🖾 Yes 🗌 If yes, show depth below	w ground surfaceft. and attach sa	ample results. (5) Attack	h soil sample results and							
a diagram of sample locations and excavations.										
I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that the above-described pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines , a general permit , or an (attached) alternative OCD-approved plan .										
Date:04/16/04
