1220 S. St. Francis Dr., Santa Fe, NM 87505

State of New Mexico Energy Minerals and Natural Resources

Oil Conservation Division 1220 South St. Francis Dr. Santa Fe, NM 87505 For drilling and production facilities, submit to appropriate NMOCD District Office.
For downstream facilities, submit to Santa Fe office

Form C-144

June 1, 2004

Pit or Below-Grade Tank Registration or Closure
Is nit or below-grade tank covered by a "general plan"? Yes 🔀 No 🗌

Type of action: Registration of a pit	or below-grade tank Closure of a pit or below-g	rade tank				
Operator: BP America Production Company Telepho	ne: (505)326-9200 e-mail address:					
Address: 200 Fnergy Ct. Farmington, NM, 87401						
Facility or well name: Mudge C#! API#:	20045 2395/ U/L or Otr/Otr M	Sec 9 TRINRILW				
<u> </u>	Longitude					
Surface Owner: Federal State Private Indian						
Pit	Below-grade tank					
Type: Drilling Production Disposal	Volume:bbl Type of fluid:					
Workover Emergency	Construction material: Double-walled, with leak detection? Yes If not, explain why not.					
Lined Unlined						
Liner type: Synthetic Thickness mil Clay						
Pit Volumebbl						
	Less than 50 feet	(20 points)				
Depth to ground water (vertical distance from bottom of pit to seasonal	50 feet or more, but less than 100 feet	(10 points)				
high water elevation of ground water.)	100 feet or more	(0 points)				
	Yes	(20 points)				
Wellhead protection area: (Less than 200 feet from a private domestic	No	(0 points)				
water source, or less than 1000 feet from all other water sources.)	140	(o points)				
Distance to surface water: (horizontal distance to all wetlands, playas,	Less than 200 feet	(20 points)				
irrigation canals, ditches, and perennial and ephemeral watercourses.)	200 feet or more, but less than 1000 feet	(10 points)				
inigation callads, dicercit, and percentilla and opposition wasters	1000 feet or more	(0 points)				
	Ranking Score (Total Points)					
If this is a pit closure: (1) Attach a diagram of the facility showing the pit	's relationship to other equipment and tanks. (2) Ind	icate disposal location: (check the onsite box if				
your are burying in place) onsite [offsite I If offsite, name of facility_	. (3) Attach a genera	I description of remedial action taken including				
remediation start date and end date. (4) Groundwater encountered: No	Yes If yes, show depth below ground surface	ft. and attach sample results.				
(5) Attach soil sample results and a diagram of sample locations and excava		ACTE 17 18 19 30				
Additional Comments:	,	A CA
