If the proposal is to deepen direct Attach the Bond under which the following completion of the invo	ionally or recomplete horizontally work will be performed or provid lved operations. If the operation r I Abandonment Notices shall be f	ent details, including estimated starting give subsurface locations and mease the Bond No. on file with BLM/Blesults in a multiple completion or retailed only after all requirements, including the substance of	sured and true v IA. Required su completion in a	vertical depths of all perti subsequent reports shall be new interval, a Form 31	nent markers and zones. e filed within 30 days 60-4 shall be filed once				

If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Requ following completion of the involved operations. If the operation results in a multiple completion or recompletion testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including recl determined that the site is ready for final inspection.)

Change in BOP Configuration.

Plans have changed from the original BOP design submitted with the APD. The current configuration from a 11" 3000# Double BOP with blinds on bottom and pipe rams on the top will be changed to an 11" 3000# single BOP with blind rams below an 11" Hydri Annual BOP, capable of closing on all pipe configurations COPC is currently utilizing. The annular BOP will be tested to 1500 psi.
