13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The original APD was submittted on 08/25/2004. This location is not legal due to there being an existing Mesaverde well in the same qtr/qtr section. The well was recently restaked, however when we received the C-102 from the surveyor we noted that is was located in a Qtr/Qtr section with another Dakota well.

We respectfully request to cancel this APD.

14. I hereby certify that the foregoing is true and correct.
