Chevron Midcontinent, L.P. respectfully requests approval to extend the C-101 Permit (approved on November 14, 2005) for one year. This request is principally due to the recent Change of Operator and associated personnel changes resulting in delays to AFE, WIO and other necessary approvals as well as drilling schedules.

Your approval of this 1 Year Extension, or until November 14, 2007, to the C-101 permit will be greatly appreciated and allow us the opportunity to continue pursuit of this new drill prospect. We currently anticipate mid to late year 2007 startup on this project.

(The Original C-101 Permit was filed under the Operator Name of HEC Petroleum, Inc. This well was included in the approved well transfer lists associated with the C-145's for HEC Petroleum, Inc. to Chevron Midcontinent, L.P.)

Extend to 11-14-07
I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
