OTHER: ☐

13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Four Star Oil & Gas Company has just completed workover operations requiring cement squeeze, perforating & formation stimulation on this well.

We now respectfully request permission to proceed with Closing the Workover Pit per BLM & NMOCD Regulations and applicable Stipulations. Our plans are to commence the Pit Closing process on or about November 1, 2006. This pit closure work should take approximately one day to complete. We are concurrently filing a 3160-5 NOI for Pit Closure to the BLM on this same date.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Four Star Oil & Gas Company has just completed workover operations requiring cement squeeze, perforating & formation stimulation on this well.

We now respectfully request permission to proceed with Closing the Workover Pit per BLM & NMOCD Regulations and applicable Stipulations. Our plans are to commence the Pit Closing process on or about November 1, 2006. This pit closure work should take approximately one day to complete.
