The original APD for this well was approved 10/21/05; an extension was approved until 10/21/07. The Lease expired, and although SG requested a re-nomination, SG did not get the lease. SG has decided not to drill this well. The wellsite location and reserve pit was built and has since been restored. Reseeding will be completed at the same time as our pipeline ROW....during or before early Spring, 2007. SG requests withdrawal of the APD for this well.
