13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

In conjunction with the approved workover (5-02-2006) to pull tubing, cleanout, acidize Mesaverde, replace tubing and return to production, Four Star Oil & Gas Co. respectfully submits this request to construct and line a Workover Pit to facilitate work flow in the event we encounter a need to conduct remedial casing leak repair requiring cement squeeze operations. As per the attached stipulations to the mentioned approved workover NOI, we will contact the BLM (Mr. Matt Halbert) if cement squeeze operations do become necessary. Approval of this Workover Pit request will facilitate workover plans and aid in the economic and environmental viability of this well.

Concurrent Sundry notification of this request is also being made with the NMOCD Office in Aztec, NM.
