☐ Reclamation

☐ Well Integrity

☐ Casing Repair

☐ New Construction

☐ Recomplete

☒ Other **Cement Remediation**

☐ Change Plans

☐ Plug and Abandon

☐ Water Disposal

☐ Convert to Injection ☐ Plug Back

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

On 8/28/06 Jim Lovato gave permission to postpone cement remediation for the above mentioned well until 12/31/06.

Because the Dakota formation continues to produce @ 600 mcf/d doing cement remediation at this time might precipitate the loss of the well & future production.

BP respectfully requests permission to defer remediation work and the addition of the Mesaverde formation until 2nd quarter of 2007.

Approval extended until July 1, 2007
