13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Chevron Midcontinent, L.P. respectfully requests approval to extend the APD (approved on February 09, 2006) for one year. This request is principally due to the recent Change of Operator and associated personnel changes resulting in delays to AFE, WIO and other necessary approvals as well as drilling schedules. These changes and delays will preclude our ability to drill this well prior to its APD expiration date of 2/09/2007.

Your approval of this 1 Year Extension, or until February 09, 2008, to the approved APD will be greatly appreciated and allow us the opportunity to continue pursuit of this new drill prospect. We currently anticipate mid to late year 2007 startup on this project.

(The Original APD was filed under the Operator Name of HEC Petroleum, Inc. This well was included in the approved well transfer lists (NMOCD C-145's and/or BLM Bond # NM 2881) associated with the Change of Operatorship from HEC Petroleum, Inc. to Chevron Midcontinent, L.P.)
