	<input type="checkbox"/> Casing Repair <input type="checkbox"/> Water Shut off
	<input type="checkbox"/> Altering Casing <input type="checkbox"/> Conversion to Injection

☒ Other - correct legal footages

13. Describe Proposed or Completed Operations

ConocoPhillips submitted an APD to deepen the subject well and at the request of the BLM a new plat and cut & fill diagram was submitted with this APD. Our surveyor went and resurveyed this location and the footages differed by 10'. The previous footages showed 1850' FSL and 990' FWL. With the current technology and equipment used to do the new survey, and our survey being adamant about only putting his seal on the correct footages, we wish to change the previous footage for this well to the 1840' FSL and 990' FWL, Section 18, T28N, R7W. Please make a note of the change in your records.

Again, the APD was to deepen an existing well using the existing wellbore, and this sundry is only to correct the legal footages.

14. I hereby certify that the foregoing is true and correct.
