13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

XTO Energy, Inc is hereby requesting a one year extension on the existing AED. An extension was granted last year due to the lack of Tribal approval at the time the State AED was to expire. Since we have received Tribal approval, XTO decided to re-evaluate drilling this well from a vertical to a horizontal drill due to the drilling of other wells in this area. Our reservoir engineers have been evaluating 6 other wells that were drilled this past year and they are anticipating a decision to be made in the next couple of months depending on the completion of a some of those wells. We realize that asking for a 2nd extension is a difficult decision with all that is changing these days, but since this is a TRIBAL well, we are asking you to consider strongly our position and the need for some additional time.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed/closed according to NMOCD guidelines ☒ , a general permit ☐ or an (attached) alternative OCD-approved plan ☐
