<input type="checkbox"/> Final Abandonment Notice	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back		

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

On 2/23/07 BP requested and received from the NMOCD a 90 day exception to produce the above mentioned well without tubing. The exception expires May 15, 2007. The Mesaverde production for this well remains high and above 1000 mcf/d.

BP respectfully makes request to extend the exception for an additional 60 days to allow the Mesaverde to produce on its own prior to drilling out the bridge plug and commingling with the Dakota formation.

If you have additional questions please call Jesse Gracia @ 281-366-1946.

14. I hereby certify that the foregoing is true and correct
