13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

High Plains Operating Company, LLC (HPOC) is operating with Bond No. NMB-000457.

HPOC has an approved APD for the subject well (BLM approval on 3/30/2007), indicating the well would be re-entered and tested for Entrada production and completed as either an Entrada producer or as a salt-water disposal well. HPOC now intends to move in a workover rig and complete this well as a salt-water disposal well. At this time, the Entrada will not be perforated and tested for production.
