Chevron MidContinent, L.P. respectfully request a six month APD extension on the above mention location. Due to our drilling schedule and difficulties with drilling, we will most likely not have this well drilled by its current expiration date of November 3, 2007, but plan on having it drilled shortly after. We prefer the six month extension to allow us time to compensate for the winter weather that could effect us in the Rincon area. Should you have any questions or require any additional information, please feel free to contact us at anytime.
