13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, A Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

From 8/21/07 - 8/24/07, Thompson Engineering & Production Corp worked over the above mentioned well by pulling the rods/pump and tubing, running a casing scraper, and then performing an acid/ball off job. The tubing and pump/rods were re-ran and the well was returned to production on 8/25/07.

Provide tbg size & depth
