13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Request permission to temporarily abandon this wellbore while waiting on installation of a small compressor to allow production into the high sales line pressures in the area. The casing was pressure tested to 560 psi for 30 minutes. The test was witnessed by an OCD representative.
