Four Star Oil & Gas Company respectfully requests permission for installation of surface production facilities which includes installing a 95 Bbl below-grade Pit Tank for blow down and/or excess produced water, dual flow lines and other necessary meter and/or separator equipment. Current plans are to initiate this surface facilities work within the next week. This work will all reside on the current pad, thus no "new disturbances" are anticipated. Attached is a standard diagram of the Pit Tank for your use and review.
