13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Elm Ridge Exploration Co., LLC has plugged and abandoned the above well as follows from May 14, 2008-May 20, 2008
5-14-08 MIRU Triple P Rig # 3.

5-19-08. TIH 4 1/2" retainer and 101 joints of 2 3/8" 4.7# J-55 TBG, set retainer at 3140' for Plug # 1) Test to 1000 PSI, held ok, sting out of retainer and pump 31 sks of STD Neat cement below retainer, pull out of retainer and spot 26 sks of cement on top of retainer.
