DIST. 3

13. Describe Proposed or Completed Operations

CHANGE OF PLANS:

Burlington Resources requests to change the surface casing setting depth from the APD approved depth of 200' to 350'. This change is needed because it is operationally better drilling practices in area, close to hills borders, and to reduce lost circulation during intermediate drilling and csg. setting. Cement volumes will be adjusted accordingly. ✓

14. I hereby certify that the foregoing is true and correct.

Signed
