13. Describe Proposed or Completed Operations

ConocoPhillips is requesting the following change on the well design:

We would like to set the surface casing at 320'. APD was approved for 216'. We would like to deepen depth as we have a long step out on this well which will increase the stress on the surface casing. We will run 9 5/8" casing and will adjust cement program as needed.

Verbal approval received from Troy Salyers (BLM) and Charlie Perrin (OCD) on 7/15/08.

14. I hereby certify that the foregoing is true and correct.Signed Tracey N. Monroe Title Regulatory Technician Date 7/15/08
