13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

XTO Energy Inc. requests permission to extend the location for this well to extend the equipment for safety reasons. Please see attachments for further information.

Re: Project No. DRA086009; XTO Inc.'s Breech A #625 Well Location Cultural Resources Inventory on Ensenada Mesa, Rio Arriba County, New Mexico

Dear Ms. Jones,

Enclosed is a copy of the archaeological report for the Breech A #625 Well Location Cultural Resources Inventory located on public lands administered by Bureau of Land Management-Farmington Field Office in Rio Arriba County, New Mexico.

No cultural resources are located in the project area. We recommend archaeological approval for the proposed well pad expansion.

We have submitted the report to the Bureau of Land Management-Farmington Field Office. Your business is much appreciated. Please get in touch with me if you have any questions about this project.

Sincerely,

Douglas D. Dykeman, Archaeologist
