Recomplete

Water Disposal

Water shut-Off

Well Integrity

Other **Pit Closure &  
Interim Surface  
Restoration**

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof). If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

**Current Status:** Location is built with open reserve pit. It is BP's intent to close the pit with in the next 3 months according to closure plan on file and restore surface location to Interim Restoration status per APD stipulations.

Because BP America's 2007 drilling program is on hold we respectfully request permission to hold said location in suspense status until June 2008. **If location does not have surface casing set then location will be brought back to P&A standards**

14. I hereby certify that the foregoing is true and correct.
