13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.

The original drilling permit for the above mentioned well was submitted on 08/02/04 and approved 08/19/04. BP America was granted an extension on the permit until 08/19/08, after further research BP has determined it would like to cancel the APD.

The drilling location was built and has an earth pit with no liner and an El Paso (Enterprise) riser is on location, **NO** casing was set. BP will restore the location according to APD specifications
