DIST. 3

13. Describe Proposed or Completed Operations

4/15/09 Notified Troy Salyers (BLM) and Kelly Roberts (OCD) that we did a 2 Stage cement job on 7" casing and had full returns to surface on 1st Stage. We lost returns during 2nd Stage, and never regained through out remainder of cement job. Plans are to run a CBL and determine TOC. We are requesting that if cement covers the Nacimiento top @ 1244' that we continue without remediation. Approval pending review of CBL

4/16/09 Notified Jim Lovato (BLM) and Kelly Roberts (OCD) that CBL was run and copies sent to each for review. We believe we have good bond from 1250' to 2100' and from 2100' to 2500' there is abt a 40% bond up into the Ojo Alamo. DV tool @ 2588'. TOC is est. to be @ 1250'. Verbal approval to proceed without remediation given by Jim Lovato (BLM) and Kelly Roberts (OCD). BH is to be monitored on the backside.

14. I hereby certify that the foregoing is true and correct.
