13 Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Questar Exploration and Production Company proposes to amend the approved October 28, 2008, Notice of Intent Plug & Abandon Sundry for the Nancy #4 well.

Questar proposes to combine the Dakota plug #1 and the Gallup plug #2 to be a single plug from 6124' to 5925' above a cement retainer to isolate these downhole commingled pools.

Verbal approval has already been granted by Steve Mason with the Farmington BLM Field Office to drop the Dakota plug in this well.

If you have any questions or concerns, please contact Sarah Boxley at (303) 672-6916.
