	<input type="checkbox"/> Altering Casing	<input type="checkbox"/> Conversion to Injection

☒ Other - Completion Plans

13. Describe Proposed or Completed Operations

In response to the BLMs letter dated 3/16/09 from Steve Mason, this sundry is to answer the BLM's question as to when this well is scheduled to be completed. This well was spud in the summer of 2008, but due to the changes industry has encountered in the past year this well is no longer a economically viable project and COPC plans on plugging and abandoning the location rather completing the well. A procedure will be submitted within the next three months for the P&A and once the well has been plugged, we will then reclaim the location as required.

We understand a new APD will be required if COPC wishes to drill & complete this well in the future.
