13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required susequnet reports shqll be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in anew interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.)

Devon Energy requests an extension on the Big Game deadline for the subject well. A completion rig is on location and in the process of completing the well. We would like to complete the Burro Canyon interval of the Dakota, as stated in our approved APD. The well is making too much sand at this time to procede with this phase of our completion. We request an extension until December 25th to clean up the well and finish our completion work.

14. I hereby certify that the foregoing is true and correct.
