The First Delivery to Enterprise Field Services was executed on 08/01/2008.

Review of BLM Completion Records (3160-4) shows that this well was Completed on 04/28/2008. The principal reason for the delay was due to NMOCD required Non-Standard Location (NSL) Permit Application and Approval (Administrative Order NSL-5878, Approved on 07/18/2008).

Your consideration and approval of this Subsequent Report should correct deficiencies in this well's records placing it back into full compliance.
