**Re: Administrative Order SWD-907**

Lybrook Yard WDW Well No. 1 (API No. 30-039-27533)  
988 FNL, 2035 FEL (Unit B), Section 14, T23N, R7W, NMPM, Rio Arriba County  
Injection into the Point Lookout from 4575 to 4775 feet

You have submitted a request on behalf of Elm Ridge for an extension of this injection permit beyond the one year deadline to commence injection for the reasons outlined in the attached correspondence.

The Division finds that granting Elm Ridge's request to extend this injection permit beyond the normal one year is in the interest of conservation and will prevent waste and protect the environment.

All requirements of the above referenced injection permit remain in full force and effect except that the deadline to commence injection is hereby extended until August 1, 2010.

Sincerely,

MARK E. FESMIRE, P.E.  
Director
