13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection)

Questar Exploration and Production Company plugged and abandoned the Federal G #1 well on 6/24/09.

Mark Kelly with the Farmington BLM Field Office inspected the location on 10/15/09 and instructed Questar to do the following:

- 1) pull embankment from south side of location onto well pad,
- 2) level firewall from tank containment,
- 3) fill in both road entrances,
- 4) install fence at both road entrances,
- 5) rip location avoiding established vegetation, and
- 6) seed location per BLM requirements.

The location was reclaimed on 11/2/09 and disced and seeded on 11/9/09 per BLM requirements.

If you have any questions or concerns, please contact Sarah Boxley at (303) 672-6916.
