- 13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

XTO Energy intends to set a CIBP on tbg at 2,220' to T&A the Dakota formation for reasons of economics. XTO Energy will be pressure testing the CIBP and csg to 500 psig for 30" on a chart recorder. XTO Energy will evaluate up hole potential to determine if additional pay can be added or if the well will be P&A'd.

Temporary Abandonment: Conditions of Approval:

1. Approval for Temporary Abandonment is granted for a period of 12 months and will expire on December 15, 2010.
2. Before the end of this Temporary Abandonment period, please notify this office of your plans for this well. If you desire to keep this well in Temporary Abandoned status, prior to the conclusion of the 12 month period, please resubmit form 3162-5 for consideration of continued Temporary Abandonment approval. At this time wellbore integrity testing may be required.
3. Provide to this office any or all shut-in pressures that may have monitored for this wellbore. Provide corrections for fluid level if available.
4. Provide to this office a current wellbore diagram.
