**NATURE OF RELEASE**

Type of Release: Natural Gas	Volume of Release – 91MCF	Volume Recovered – 0
Source of Release: Dump Valve	Date and Hour of Occurrence: 10/17/2009	Date and Hour of Discovery 10/17/2009
Was Immediate Notice Given? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom?	
By Whom?	Date and Hour:	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.*		

Describe Cause of Problem and Remedial Action Taken.\*

On October 17, 2009, Field Tech reported a gas release on the Jaquez GC D 1 well location. Approximately 91MCF of natural gas was released. The separator dump valve was stuck open. Repairs were made.

Describe Area Affected and Cleanup Action Taken.\* Soil on location was impacted. The area will be remediated.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
