13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Reference is made to our Sundry NOI of 10/29/2003, advising of our intent to flow test the subject well on a temporary compressor to determine if there is any future utility. All attempts to return the well to production have proven unsuccessful and it has been determined that there is no future utility for the subject wellbore. Plugging procedure is being formulated and being submitted to working interest partners for partner approval. Application for authority to plug and abandon will be submitted for your approval within the next 30 days. Plugging operations will commence upon receipt of approval.
