13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Elm Ridge Exploration, has found two bad joints (one hole and one rod cut) for the above well. We replaced the 2 3/8" TBG with two more joints of 2 3/8" TBG. The TBG depth did not change. We Moved in and Rigged up Triple P # 5 on December 22, 2009, had to wait until after Christmas to continue. December 28, 2009 we found the two bad joints. December 29, 2009 we replaced the two bad joints. December 30, 2009 we Rigged Down and moved Triple P# 5 off of location.

14. I hereby certify that the foregoing is true and correct
